Tele-Check ✓

Calibration Verification Service

Tele-Check ✓ is a telephone guided calibration verification service procedure performed while the aggregometer remains in your laboratory. A Bio/Data service technician directs you through the calibration verification process. Required materials are shipped to the laboratory in advance of the scheduled **Tele-Check** ✓ appointment.

Calibration results generated by the instrument are submitted to Bio/Data for review by a Quality Control Representative. Upon approval, a Certificate of Testing and Calibration Verification will be issued along with a **Tele-Check** ✓ Calibration Verification Sticker.

FEATURES:

- ✓ Convenient
- ✓ Minimal Downtime
- ✓ Reduced Cost
- ✓ Performed On-Site
- ✓ Assures Performance to Published Specifications
- ✓ Provides Required Documentation for Regulatory and Accrediting Authorities

Tele-Check ✓ Calibration Verification Service is available for the PAP-8E Platelet Aggregometer
